Practice Management

Billing is the lifeblood of your business.

Not just billing, but a complete practice management system.

Comprehensive doesn't have to mean complicated.

At Genius Solutions, Inc. we believe managing your office should be as easy and comfortable as possible. A team of healthcare software professionals started Genius Solutions, Inc. in 1986 and with over 30 years of healthcare and software experience, we can help you succeed.

You are #1!

Our practice management system puts your needs first. We want to help you both streamline and enhance your current office management. We want to give you more time to get paid and enjoy helping your patients. Our aim is to give you the best tools to manage your practice and keep your practice from managing you.

Size doesn't matter...to us.

Bigger or smaller, you need better.

- Better control of patient billing, scheduling, and receivables
- Better financial and statistical analysis
- Better customization to make it work your way

eTHOMAS is scalable from a small one-person practice to a large group practice setting. It will also grow with you as your business grows.

We care!

At Genius Solutions, Inc. we are always on the lookout for solutions that will allow you greater freedom and ease to care for your patients, increase your cash flow, and continue to grow your business. Because of this design and development philosophy, our applications are in use throughout the United States.

We look forward to working with you.

What has your PM done for you lately?

You did the work, let us help you get paid for it. Now that's Genius!

- Easy to implement and operate
- Submit claims & receive electronic remittance from nearly every clearinghouse across the United States
- Check eligibility with 1-click
- Built-in integration with the top industry electronic health record software programs

Appointment Scheduling

Enjoy the ultimate appointment scheduling experience with our comprehensive & customizable scheduler

Take advantage of our advanced, feature-rich scheduler. Unlike off-the-shelf calendars, the eTHOMAS appointment system is both flexible and powerful. There is no "settle-for" in eTHOMAS. Make day-to-day patient and office flow easy to see by customizing for your office needs.

- Create customized appointment codes. Set your own color-coded schemes. Choose and display your own time scheme. View your daily calendar, at a glance, in the most comprehensive way - Your way
- Create your own specific types of appointments. You can also use color templates to block off hours for new patients, special days, time off, and holidays
- Prevent lost money by matching appointments to process charges
- Schedule a treatment series for a patient, by using our Multiple Appointment Wizard
- Search for "Next Available" appointments to accommodate your patient's specific availability
- Reschedule fast with drag-and-drop patient appointments
- No fuss spur-of-the-moment provider reschedules accommodate vacation time & emergencies

Experience Makes a Difference

We know there is no true line between technology and customer support. At some point, all software requires technical support. Our support department's technicians have years of experience. We share expertise in eTHOMAS, billing, hardware, networking, and office management. We work together as a team of experts to find the right answers for you. Having problems accessing the program or forgot how to key something into eTHOMAS? Access one of our many support resources and find solutions fast:

- Built-in help via access to step-by-step documentation & videos
- Auto-Update online 24/7 for new program enhancements and mandated updates
- Call in for technical or program support Monday-Friday
- For tough problems we can connect with you, online, to assist you remotely, wherever you are. This option allows us to collaborate & communicate together with you
- "Hot" news alerts sent via emails, bulletins, blog posts, & social media. Information about things that may affect your office now
- Join us for our first Friday of the Month conference calls to discuss topics that affect you
- On-going advanced training & webinars available

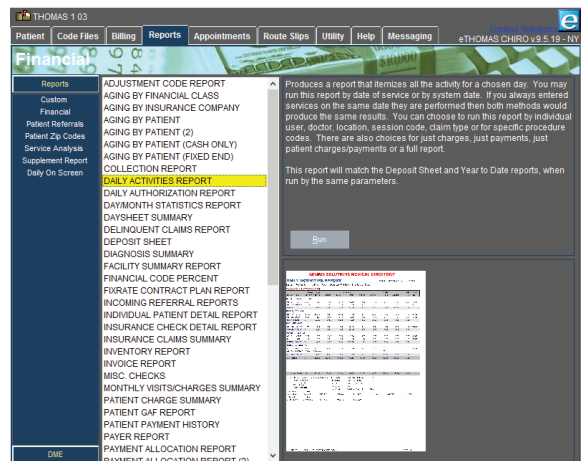

Unlimited, live, US-Based technical and program support.

Reports

Monitor & develop your business by using eTHOMAS Reports

Get thirty years of healthcare management experience. We've built-in a library of the best and most used reports to help you manage your office. Reports can give you the true scope of your business operations. You can run reports by site/location, staff shift, provider, revenue center, or groups. You can further customize mix and match methods to see what you need to see. Show any report onscreen, print it, or export it to Microsoft® Excel or Word. We give you the flexibility to examine your office, your way when you want.

- Use built-in reports or create custom reports for patient, financial, and statistical analysis (most are exportable into Microsoft® Excel or Word)
- Create mail merge letters, labels, & envelopes
- Track your inventory items with special inventory & reporting features

The ease and flexibility to have total control over your practice performance...Take charge with eTHOMAS.

EHR/PM Integration

eTHOMAS Affordable & Expandable

Purchasing eTHOMAS for your organization couldn't be easier or more affordable.

\$99.00/month - Single Billing Provider
\$49.95/month - Each Additional Billing Provider

\$ 995.00 Personalized 1-on-1 Training Package

All pricing is based on the number of billing providers you have within your organization. Whether you have one office or a chain of office locations, the price stays the same. Low cost and easy to expand... it's a Genius Solution.

eTHOMAS

State of the art EHR-PM integration for complete office management.

"We have an EHR program that we enjoy, but *we need a better billing program.*"

The eTHOMAS Practice Management Software integrates with most EHR programs across the industry. Good integration is important as it consolidates patient and insurance registration for you. Your billing automatically flows from your existing EHR right into eTHOMAS. This allows you to process insurance billing faster. No more dual data entry for each separate software.

Better still, there is no extra charge to integrate eTHOMAS with your EHR program. When you get an eTHOMAS subscription, we include the integration interface for free.

Up your accuracy and efficiency with automatic data transfers between EHR and PM. One and done!

Get Paid Better. You Earned it!

Automating your office is no longer an option. Integrating Practice Management and other office automating solutions into your practice is the answer. Genius Solutions, Inc. has over 30 years in the business of specialized healthcare software solutions. We offer tried and true practice and office management solutions. Ease your documentation burden, increase your office productivity, and prepare for continuing healthcare changes. We're here to make it easy.

Don't leave money on the table.
