Genius Solutions, Inc. **THOMAS**

Total Health Office Management Automation System

ONC Certified HIT

**2015 EDITION
HEALTH IT MODULE**

ehrTHOMAS

ehrTHOMAS Version 3.0 has earned the 2015 Edition Certification for Promoting Interoperability (which is the most current government edition and certificate).

ehrTHOMAS, the ambulatory electronic health record (EHR) from Michigan's own Genius Solutions, Inc., has received 2015 Edition certification from the Office of the National Coordinator (ONC) for Health Information Technology.

ehrTHOMAS Version 3.0 was certified via SLI Compliance®, an Authorized Certification Body from the Office of the National Coordinator for Health IT (ONC-ACBs). SLI Compliance is a division of Gaming Laboratories International, LLC which has been authorized to perform Conformance Testing and Certification of Health IT by the US Department of Health and Human Services' Office of the National Coordinator as an Authorized Test Lab (ONC-ATL) and an Authorized Certification Body (ONC-ACB).

ehrTHOMAS Certified Complete EHR

Be a Genius. We've been getting doctors paid for thirty years!

Fully loaded with an intuitive interface, helpful features, reports, training, and support. Avoid missed billing elements, document for audit issues, and meet ever-changing government standards. The results? Higher reimbursements and less stress for your practice.

Comprehensive doesn't have to mean complicated! Let our software help you up your level of patient care and attest for meaningful use and other programs. Integrate and automate with e-eligibility checks, automated statements, and appointment reminder calls.

- Use a touch screen to document routine patient encounters quickly and easily
- Go 'paperless'. Add e-versions of pictures, x-rays and other documents to your patient files
- Be flexible and in-the-know with built-in clinical decision support (CDS) alerts
- Specify patient instructions that reflect your personal style and specific content
- Customize patient treatment plans
- Give patients secure and instant access to their health records with the online patient portal integration
- Protect your encrypted data with secure permission levels
- Track user logins and input for HIPAA compliance and audits
- Chart vital sign trends over time
- ehrTHOMAS 2015 Edition certified EHR

ehrTHOMAS

Certified Complete EHR

**Genius designed with you in mind.
We've made it easy!**

Our touch screen user interface provides an intuitive program flow and easy-to-read screens. It also makes it the perfect EHR fit for your tablet.

We support You!

Our design, programming, technical support, and training services are fully housed and provided in the United States. This allows us to give you unparalleled one-on-one customer service, so you can enjoy responsive support at it's finest. Healthcare professionals switch to us specifically for this service experience, where we when we say "We care!", we mean it.

ehrTHOMAS + eTHOMAS

Certified Complete EHR + 30 Years Experience

Practice Management

www.geniussolutions.com

Reports

Monitor & develop your business by using eTHOMAS Reports

- Use built-in reports or create custom reports for patient, financial, and statistical analysis (most are exportable into Microsoft® Excel or Word)
- Create mail merge letters, labels, and envelopes
- Track your inventory items with special inventory and reporting features

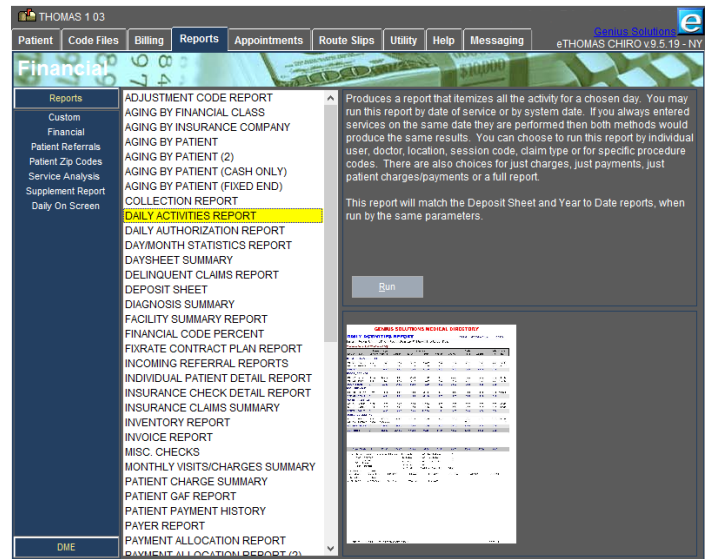

eTHOMAS

EHR-PM Integration

Complete office management

eTHOMAS is our premiere healthcare management and billing software solution. It's not an add-on or an afterthought, it is our lifeblood, just as billing is the lifeblood of your business. Don't settle for an EHR that has a new, untested, billing component. Take advantage of over 30 years of expertise in the practice management industry. With our eTHOMAS Complete Practice Management Software Solution you'll get a complete, integrated program. Direct information transfer between EHR and practice management gives billing ease and HIPAA security.

Up your accuracy & efficiency with automatic data transfers between EHR and PM. One and done!

Patient Registration & Routing

Patient entry, patient history, and ongoing documentation couldn't be easier

- Track insurance and benefits for co-pays, deductibles, and patient transfers
- Maintain complete patient histories and financial information
- Generate trackable patient statements, claims, and encounter sheets
- Accommodate capitation, pre-authorization, HMO, and self-pay plans
- Attach multi-media to patient files (including patient pictures & insurance cards)
- Comprehensive security & activity tracking for HIPAA compliance & confidentiality

Appointment Scheduling

Enjoy the ultimate appointment scheduling experience with full customization

- Schedule multiple appointments at one time
- Find next open appointment
- Schedule, reschedule, or cancel appointments easily with our point-and-click calendar
- Integrated appointment reminders and recalls are available
- Customize the scheduler to your office needs and let it help you control your patient flow

Appointment Scheduling Interface showing a calendar for Wednesday, August 24, 2016. The interface includes a sidebar with navigation options like 'Schedule', 'Week View', and 'Find Next Open'. The main area displays a grid of appointment slots with patient names and times.

Policy Information interface for patient Kevin Anderson. It displays fields for patient number, employer, financial status, insurance type, effective and expire dates, and contact information. It also includes checkboxes for 'Accept Assignment', 'Participate', and 'Pay Provider signature'.

Processing Patient Charges

Fast, Efficient, and Adjustable eTHOMAS helps you fly through patient charges and payments

- Built-in help available on each screen
- Generate electronic claims, invoices, statements, EOBs, and inquiries
- Smart software "learns" your payments, co-pays, and adjustments, reducing time and increasing posting accuracy
- Validation messages help input data accuracy
- Automated insurance payment posting from 835 insurance remittance advice

Post Insurance Payment interface showing a detailed view of a patient's insurance claim. It includes fields for Check No., Check Date, Claim No., and Insurance details. A table at the bottom shows a list of charges with columns for DOS, Proc, Charge, To Pat, PTD, Approved, Amt Paid, Deductible, Copay, ParAdj, and Xfer Reason.

eTHOMAS

Total Health Office Management Automation System

www.geniussolutions.com

ADAMS

Automated Statements

www.geniussolutions.com

e-Eligibility

Automated Appointment reMinder System

ADAMS works directly with your appointment book in eTHOMAS, making patient reminder calls for you. Keeping in touch with your patients has never been easier or more cost effective. With ADAMS you can text, e-mail, call, or do any combination of the three to make reminder contacts with your patients.

Automated Statement Printing

Prepare and send statements as often as you like, customize your messages, select and deselect patients on the fly. Have eTHOMAS prepare your files, but instead of printing them out in your office, send us the file (securely over the internet) and carry on with the rest of your day. Now you have more time to follow-up with patients and insurance payments.

e-Eligibility

Verify eligibility at a touch and get results in a matter of seconds. Our eligibility feature is tied directly into your eTHOMAS system and will let you download any specifics the payors share. Receive a variety of vital patient information regarding benefits, copays & deductibles, remaining deductible, co-insurance, etc.

Training

**Online
Hosting**
